NATIONAL ENVIRONMENT AWARENESS CAMPAIGN (NEAC)

2012-2013

THEME / थीमा

“BIODIVERSITY CONSERVATION”
“वैविध्य, अणुजीव

The National Environment Awareness Campaign (NEAC) launched by the Ministry of Environment and Forests, Government of India in 1986, aims to create awareness on environmental issues among a wide group of stakeholders. Several non-governmental organisations, educational and training institutions, professional associations, scientific bodies, community organisations, and also a whole range of other agencies participate in the campaign. These bodies singularly or in partnership with other organisations, organise programmes for creating environmental awareness followed by field action at the local, regional and national level.

The theme for 2012-2013 is “Biodiversity”, keeping in view that the current decade (2011-2020) has been declared as the United Nations decade on Biodiversity and United Nations decade for Deserts and the Fight against desertification, with India hosting the Eleventh meeting of the conference of the parties (CoP-11) to the Convention on Biological Diversity (CBD) from 8-19 October 2012 in Hyderabad, India, it is considered an opportunity time to showcase the wide array of biodiversity in the country and the conservation measures adopted thereof.

The Ministry of Environment & Forests has identified sub-theme for conducting the campaign which are detailed in Annexure I. There is also a suggestive list of action components that includes: Preparation of biodiversity registers for school/villages/local areas; Promotion of Traditional medicinal practices; Establishment of seed banks and encouraging the farmers for in-situ conservation of seed diversity; Preparation and Promotion of biopesticides ; Promotion of organic manure and vermicomposting; Setting up of community reserves; Planting bio-diverse mix species/herbal gardens/kitchen garden and its maintenance.

Ministry of Environment and Forests has also taken initiative to create mass awareness on the issue by using an interactive mobile exhibition, mounted on 16 coach AC train, “Science Express: Biodiversity Special” (SEBS). Taken up in collaboration with the Ministry of Science and Technology, the initiative is meant to engage 2 million people directly (and about 10 million indirectly), during the train journey, covering over 100 stations in 2 phases. The Science Express: Biodiversity Special is proposed to be flagged off on 5th June 2012, the World Environment Day. There would be an opportunity to align NEAC with the Science Express: Biodiversity Special.

What are these programmes ?

Annexure-1 gives an indicated list of the kind of awareness and action components that may be organized for different target groups during the Campaign. In view of the wide range of inter-related environmental problems facing the country, the activities of the campaign shall focus on scientific environmental issues and problems relating to the main/regional/local theme. Emphasis should be given for devising concrete, action-oriented activities on the issue/problem identified.
